

Grade 6 Social Sustainability

In Grade 6 Social the class has been looking at groups, organization, and individuals that have created change locally and globally through a number of different means. For their final assessment they were to choose a local group or organization needing assistance. They need to create an action plan, which includes a fundraiser, to promote awareness and change for their chosen group. They chose to help the Habitat for Humanity, The Special Olympics, two different groups at the Victoria Hospital and the SPCA. The week of June 18th-22nd will have the grade 6 class running 5 different fundraisers. Information will be posted around the school so be sure to keep your eyes open. We will also try to send out school reminders before each fundraiser. We hope to have great participation for all fundraisers but also do not want families or individuals to feel obligated to donate to each and every fundraiser, we appreciate all of the support we can get. Below is a brief description of the fundraisers and the day they are planned for. If you have any questions please feel free to approach Mr. Bond or the students names listed below each day.

Monday, June 18th

On Monday, June 18th and Wednesday, June 20th we will be having a bottle drive candy guess. A grocery bag of recyclables gets you 1 guess and a larger bag of recyclables gets you 3 guesses.
