- f) Donation to Buckland Rink – We will discuss in November, once we know more if we will be able to utilize the rink this year.
- g) Edsby Parent Info Session – looking into offering a parent training course on how to use Edsby. Parents need to amend setting to get notifications.  
SCC gave feed back when teachers are entering marks to include a description of what the mark is from not the Unit numbers, etc. as parents don't know what they mean.  
Edsby looks different on a computer and easier to use, rather than the app on the phone.

## **Principals Message**

We have enjoyed a regular startup to our school year, we have many new staff and students in our school which have helped to reinvigorate our building!

Thank you to all who came out to enjoy our Meet the Staff event last week, thank you to Tom Michaud who was also present for some pizza and the opportunity to meet with folks in our school community.

It is nice to report that enrollment is up from the previous 2 startups with 221 students currently registered. Across SRPSD numbers are also up around 40 students division-wide from this time last September.

We continue to support and promote aspects of our SRPSD Strategic Plan and "One-Pager" in all facets of school (attached). We have also been tasked with gathering feedback from SCCs regarding the province's extended plan for schools provided within the Provincial Education Plan (PEP). We are hoping to have a committee of SCC and school community members take a look at the provincial plan and provide required feedback by mid-October.

The playground project is in the process of waiting in queue to be installed. There are a couple pieces yet to be delivered but we are hoping to have installation completed before winter sets in.

Our annual school fundraising effort continues this year with the Walkathon. The event will continue to support enriching opportunities for our students including travel to events, extracurricular support, development of our outdoor classroom and playground improvements. We look forward to sharing the benefits of the fundraising with all the students of our school.
