## Principal's Message

As the winter continues and weather typically becomes warmer this month we are looking forward to some outdoor activities around the school.

Mr. Bond is building his Snow Quinzee community outside with the older students, which has come to be a very popular tradition among the students.

Our students in **Grades 5-8 will travel to Wapiti Ski Valley outside Gronlid, Sk. on March 21<sup>st</sup>** for a day of skiing or snowboarding. This trip is a great day for the students, and includes travel on a motorcoach to and from the hill. This event is subsidized by the Walkathon, keeping the costs reasonable for the families involved. More information on this trip will be coming home soon!

After March 3<sup>rd</sup>, our skating sessions at the NRRC Arena will have wrapped up for another season. This is always such a fantastic opportunity for our students. We have a range of students taking part; ranging from those who only skate these 6 weeks of the year to those who are playing hockey or figure skating regularly and get to do an activity they are passionate about. On behalf of all those involved, I would like to personally thank the Board of the NRRC for allowing us to use the facility free of charge and also caretaking staff of the arena for looking after our needs as we skate. As a gesture of thanks the school will be donating \$750 to the arena which will also be matched by our Red Wing SCC.

Family Fun Night! The staff of Red Wing Public School would like to invite one and all of our school community members to a **Family Fun Night on Thursday, March 23<sup>rd</sup>!!** Traditionally, the school has offered either a Christmas Concert OR a Family Fun Night but with the recent disruption of that pattern the last couple of years we have decided to do both this year! We are looking forward to an evening with students, siblings, parents/guardians and other folks connected to the school, from 6:00-8:00pm. We will have a variety of activities available (listed later in this newsletter) in hopes of getting as many folks out as as we can. Please consider joining us as a way to connect with the school, staff and community members in general!

We are also looking forward to seeing everyone for our **Term 2 Progress Conferences** with parents/guardians and their children on Thursday, March 30<sup>th</sup>. Booking for conference times will take place very soon and we look forward to seeing you then!

Finally, March is also Science Fair Month! Our teachers have decided to host our own **Science Fair for Gr. 7/8s on Thursday, March 30<sup>th</sup>**. We will have public viewing of projects in the gym from 1-3pm for all who are able to attend. Projects will remain in the gym for the evening of Progress Conferences for viewing as well.
