Admin Message

Staff Appreciation Week was a wonderful opportunity to recognize and support our hardworking staff, and the entire team greatly appreciated the thoughtful gestures. A special thank you goes out to the SCC for their contributions, as well as to Mrs. Fleury's mom for generously donating two cheesecakes to help celebrate the occasion.

The Grade 5-8 students enjoyed a successful ski and snowboard trip to Wapiti Ski Valley, making the most of the experience. Meanwhile, the Student Leadership Council (SLC) is organizing a fun-filled K-3 Carnival, set to take place on Thursday, April 17th.

The Grade 6 class recently visited the Mann Art Gallery on Friday, March 21st, where they participated in a one-hour studio session followed by a one-hour gallery tour, enriching their appreciation for the arts.

We are excited to announce that our new Games Room will be opening for students to use next week! This space, designed for both the Before & After School Program and general student use, currently features a basketball shooting game, a ball roll game, foosball table and an air hockey table that will be arriving shortly. We can't wait for students to enjoy this new addition to our school!

The School Book Fair, held during the week of March 17th, was a great success, drawing in students and families eager to explore new books.

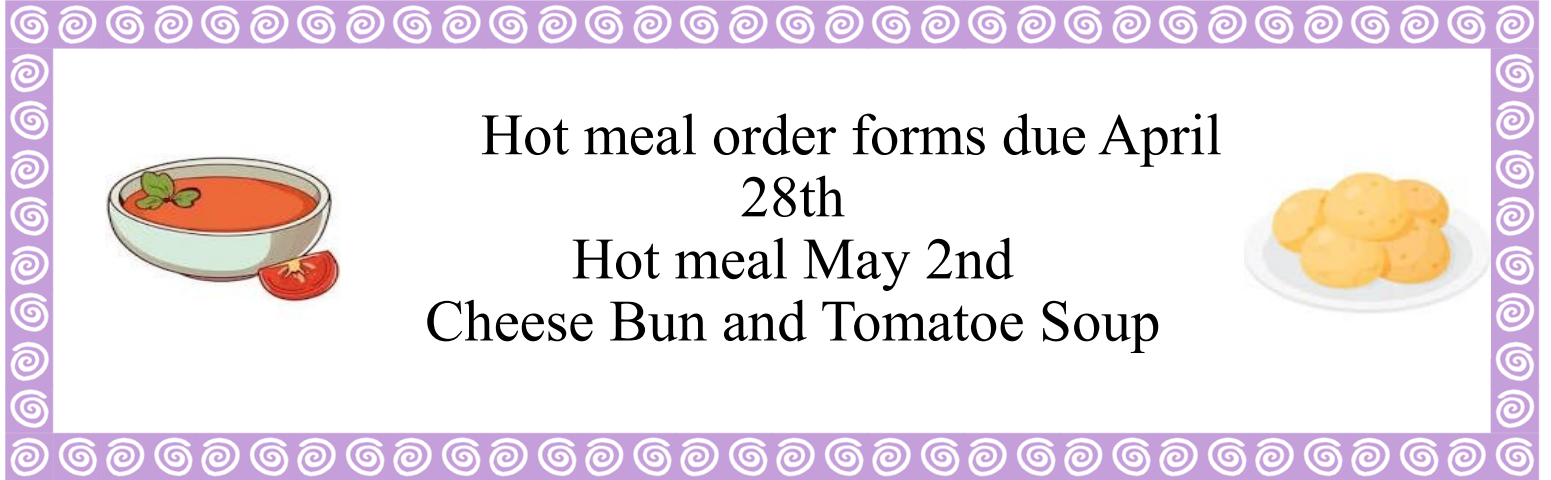

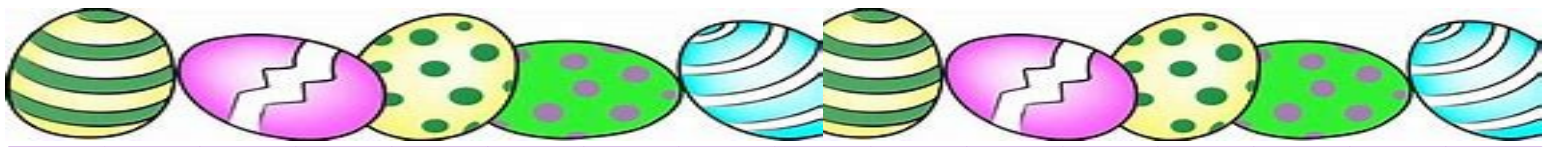

The Science Fair showcased impressive student projects, with Olivia Gorder (Grade 8) earning 1st place for her project on Hydrogels Water Conservation, Mason Golding (Grade 8) taking 2nd place for his study on Card Shuffling Probability, and Laura Wilson & Ella de Villiers (Grade 7) securing 3rd place with their project on Tallow vs. Lotion. Several students also qualified for the Regional Science Fair, including Holden Johnson (Grade 8), Hanna Wilson & Brielle Zalewski (Grade 7), Payton Fennig & Emma Guidinger (Grade 7), Mya Shewchuk & Eve Kobelsky (Grade 7), and Corbin Horan & Jamison Baliski (Grade 7), each presenting innovative research projects.

We are also getting egg-cited about the chicks that will be hatching in a couple of weeks! This hands-on learning experience will give students a chance to observe the life cycle up close and engage with nature in a meaningful way.

Finally, Student Conferences were held on Thursday, March 20th, from 3:00 to 8:00 PM, and the event was a tremendous success. A heartfelt thank you to the many families who attended and engaged in meaningful discussions about student progress.

Mr. Tournier & Mrs. Morley

Hot meal order forms due April
28th
Hot meal May 2nd
Cheese Bun and Tomatoe Soup
